

Susan,

What an impressive collection. I am not sure that I will be as easy as "Pudge," but I can't wait to see the finished product.

Most of the work that I have seen done of baseball players is a totally different style. When this gets done, I will be sure to show it off, and since all athletes like looking at themselves, You will be beating them off with a stick.

I will get the pictures out as soon as possible, and if there is anything else that you need from me, just call. Thanks again, Mike June 30 2000
